

# Ecovector® Low - Smart Control

Ecovector Low Level fan convectors provide warmth from the floor upwards and are more energy efficient and effective than radiators

## Features

- The Ecovector can heat up a room more quickly than radiators, thereby reducing the amount of time your boiler or heat pump is running - making it extremely efficient and cost effective
- Compatible with most types of wet central heating systems, functioning equally efficiently with conventional boilers, biomass technology or ground or air source heat pumps
- Ideal for new and existing developments, due to ease of installation, the Ecovector is available in a range of models to suit varying room sizes and heat output requirements

## Applications

Education, healthcare, places of worship, leisure and sport, office, hospitality, retail, showroom, industrial and residential.

## Motor

AC only

## Finish

Front casing: zinc-coated steel.  
Polyester powder-coated RAL 9010.  
Side panels: polymer eggshell white.

## Installation

Mounting bracket supplied.  
Unit must be earthed.  
Suitable for two-pipe central heating systems.  
Minimum height above floor level 150mm.  
Maximum height above floor level 500mm.

## Commissioning

Check water is hot enough to activate the selectable low temperature cut-out thermostat.

## Control

Built-in smart control with fan, time and temperature control.  
Low temperature cut-out thermostat set to energise fan at approximately 35°C.

## Specification

To specify state:  
Low level hydronic fan convector in white.  
As Smith's Ecovector Low Smart Control LL1200/LL2000/LL2800.

ECOVECTOR LL 2800	15mm	1.5m	n/a	3A	43	76	0.83	37	42	white	n/a

\*Room sizes given in cubic metres for general guidance only based on normal heat output (80°C) for domestic applications - always calculate heat losses. Heat outputs tested in accordance with BS4856 using entering water temperature and 340 l/h (75gph) flow rate. Fan-only option operational only when central heating system is switched off. Sound levels measured at 1.5m.
