Space Saver - Electric

Kitchen | Utility

A highly energy efficient fan convector that fits neatly into the plinth of a kitchen unit and eliminates the need for conventional radiators

- Makes room for extra kitchen storage, work space, or additional appliances
- More affordable than underfloor heating and get the flooring you want
- Easy to use discreet heating
- Suitable for plinth heights from 80mm upwards
- Contemporary design with a wide choice of grille colours to suit interior decoration
- Two heat outputs and fan only option for instant heat and cool air circulation
- Free five years parts and labour warranty
- Complete with wireless programmable controller

To see which Space Saver plinth heater is most suitable to heat your kitchen, use the Heat Loss Calculator on our website: https://smithsep.co.uk/heat-loss-calculator/

Alternative Grille Finishes

Most Space Saver models are supplied with a detachable Stainless Steel fascia grille.

Alternative colours are shown below.

Black Brown Chrome White

Grilles shown are for colour reference only and switch configuration varies by product.

The grille accessory is specifically tailored to fit the latest version plinth heater - MK5 except for the SS80E model which is MK6. We advise customers to verify the compatibility of the grille with their product before making a purchase.

As part our commitment to continuous improvement Smith's Environmental Products may change the specifications of its products without prior notification or public announcement. All descriptions, illustrations, drawings and specifications in this publication present only general particulars and shall not form part of any contract. All dimensions are in mm unless otherwise stated. Please visit our website for the most up to date information.
